

In Action

How can you encourage young people to participate in your work?

What are the benefits of or opportunities associated with engaging in your network?

How can you encourage young people to continue participating and increase their participation (based on the benefits listed above)?

How can you engage families, and communities in your youth engagement efforts?

How will you support youth in their continued engagement despite life transitions and changes?

How do the answers to these questions contribute and add to the development of your overall youth strategy?

Add to the action plan portion of the engagement strategy based on your responses to these questions.
